

**Yolo Bypass Working Group
Meeting 46**

June 24, 2010

10:00 AM to 12 PM

**Yolo Wildlife Area Headquarters
45211 County Road 32B, Davis**

DRAFT AGENDA

Meeting purpose: A small group of Yolo Bypass and Sacramento River water users, landowners and water managers have been meeting the last two months to discuss the concept of a Westside option for rearing of juvenile salmon in the Yolo Bypass. This “Westside Option” would bring juvenile salmon onto the floodplain in a managed scenario, while preserving the flood control function, the agricultural productivity, and the tremendous wetland habitat values of the Yolo Bypass. The purpose of this meeting is to bring the concept to a larger group of Bypass stakeholders in order to develop a more robust project description.

1. Introductory Comments (Robin Kulakow, Yolo Basin Foundation)
2. Presentation on draft proposal for a Westside Option for rearing of juvenile salmon (Dave Feliz, YWA Area Manager)
3. Group discussion of proposed option (Ann Brice and Robin Kulakow, Yolo Basin Foundation)
4. Yolo Bypass news (if you have something to report or announce please let Robin know when you arrive for the meeting)
5. Wrap up

A lunch (\$10) can be ordered for you. Please contact Robin Kulakow at (530)756-7248 or robin@yolobasin.org by Weds. June 23 at 5 PM. There will be a mix of sandwiches to choose from, plus chips, cookies, and a drink.
